Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

Response to Amendment

1. The reply filed on 5/9/08 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Claims 9, 15, 27, 35, and 38 has been included as elected claims but does not fully correspond to the elected species of Fig. 5. For example, claims 9, 15, 35, discloses placing and testing a coin in a coin acceptance and testing device, and a control unit including a microcomputer and a pseudorandom number generator; claim 27, discloses whereupon a supplemental game is activated upon a trigger value on the first and second entertainment automat, and a branch block "effective game number limit" (39, 71); and claim 38, discloses determining between a 1st and 2nd entertainment automat which will assume master and slave functions, and effectively limiting a number of game rounds being played; however, there are no corresponding figure elements in the elected species of Fig. 5 to the subject matter stated above regarding claims 9, 15, 27, 35, and 38.

Note: an exemplary example of the elected species of Fig. 5 seems to be newly added claim 104.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAMON PIERCE whose telephone number is (571)270-1997. The examiner can normally be reached on 8AM-4PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Scott Jones can be reached on 571-272-4438. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
